**AVIOR COMPUTING LAUNCHES AND ANNOUNCES STEVE KATZ,
FORMER CISO AT CITIGROUP, JP MORGAN, AND MERRILL LYNCH, HAS
JOINED AVIOR'S BOARD OF DIRECTORS**

NASHUA, NH, February 21, 2008 – Avior Computing, Inc., today formally launched in the Governance, Risk, and Compliance (GRC) market.

Avior also announced today that Steve Katz has joined the Avior Board of Directors. Widely recognized as the first CISO, and former CISO at Citigroup, Merrill Lynch, and JP Morgan, Katz has a distinguished record of achievement spanning 25 years in the management of information security and privacy.

Katz serves on the Board of Directors of several information security start-ups, and is an executive advisor to Deloitte. He was the first Chairman of the Financial Sector Information Sharing and Analysis Center (FS-ISAC), and continues as an advisor to the group. Katz has also testified before Congress numerous times on information security issues. A CISSP, he is also a member of the (ISC)² Americas Advisory Board for Information Systems Security.

Avior is the developer of the BenchMark compliance process management platform. In use at large insurance companies, financial institutions, and service providers, Avior BenchMark is a secure compliance process management solution that standardizes the collection of compliance and other assessment data from diverse sources such as suppliers, divisions and departments. BenchMark automates what is commonly a manual, spreadsheet-based procedure in many organizations. It uses advanced analytics to structure, monitor and document compliance and other business processes. Avior delivers BenchMark as a software as a service (SaaS) with

industry and regulation-specific Knowledge Modules that simplify the process of assessing compliance.

Avior has successfully market-tested the BenchMark solution with numerous financial organizations. With the addition of Katz to its Board, and the continued development and success of BenchMark, Avior is now focused on delivering highly differentiated, very cost effective, offerings in the rapidly growing market for (GRC) software.

“After heading up security operations for some of the most complex financial services organizations, I understand the challenges they face across multiple regulations, and look forward to the opportunity to help shape and work with an emerging leader in the compliance and risk software market,” said Steve Katz, President of Security Risk Solutions. “With innovative technology and a solid management team, Avior addresses real industry compliance process pains and issues.”

“Having an executive of Steve Katz’s caliber join our Board of Directors validates our approach and technology,” said Steve McCalmont, CEO of Avior Computing. “Katz’s insight into the needs of large financial organizations and his broad contact base within the industry will be invaluable to Avior.”

About Avior Computing

Founded in 2003 by software and networking industry veterans, Avior Computing is a leading innovator in compliance management solutions. Avior BenchMark automates the process of assessing and managing compliance for applications such as vendor risk and information privacy. Avior BenchMark replaces costly and cumbersome manual assessments involving spreadsheets and word documents with a streamlined and automated process, enabling better risk decision-making, and significantly reducing the pain and cost of manual assessment activities.
